Answers:

- 1> 8 - Did you know that most crabs live no more than 3 years?
- 2> Gray-Brown - These snakes can reach up to 14 feet and they are found in Africa.
- 3> 94 - Did you know that some goldfish (in captivity) can live up to 30 years?
- 4> Opossum - Marsupials refers to an order of mammals that incubate their young, which are born very undeveloped, in pouches on their mother's abdomen.
- 5> South China Tiger - Sadly, South China Tigers are thought to be completely extinct in the wild.
- 6> Fat - Did you know that camel comes from an Arabic word meaning "beauty"?
- 7> Hummingbird - Hummingbirds can beat their wings about 50 times per second!
- 8> Elephant - They gestate for 22 months! That's almost 2 years!
- 9> 4 - The four compartments are called the rumen, reticulum, omasum, and the abomasum.
- 10> Basenji - Instead of a bark, the Basenji produces a yodeling sound!
