Answers:

- 1> Judy Garland - Judy Garland played Dorothy in the Wizard of Oz, although Shirley Temple was originally cast. Also, Caroline O' Connor played Judy Garland in End of the Rainbow (2005).
- 2> Arctic - The Pacific Ocean is the largest ocean, the smallest is the Indian Ocean.
- 3> 21 - A normal six sided die has 6+5+4+3+2+1 dots. That adds up to be 21.
- 4> Madrid - All the answers are cities in Spain, but Madrid is the largest city and the capital.
- 5> Tiger - The tiger is the largest cat in the world. The second is the Lion and the smallest out of these three is the leopard.

6> Saxophonist - The answer is actually a saxophonist! I know! It surprised me too!

7> Toothpicks - It makes sense, though I personally have choked on all three!

8> Eyes - Your nose and ears keep growing forever! Your eyes stay the same size from birth to death.

9> Cash - JC Penny was actually a person. His real name was James Cash Penney.

10> To prevent the chocolate from melting - MMs are all chocolate flavored and the sugar coating is almost tasteless. The coating was invented to keep the chocolate from melting and so that it was easier to stamp the m on the candies.
