- d. Cats

10> What does Leonard's mother do?

- a. She is a Psychiatrist
- b. She is a Homemaker
- c. She is a Bartender
- d. She is a Nurse

Answers:

- 1> Yet to be revealed - Bill Prady stated that Penny's last name will be revealed eventually.
- 2> Leakey - Leonard's middle name is Leakey. He was named after Louis Leakey. He was a British archaeologist and naturalist whose critical work helped to establish human evolutionary development in Africa.
- 3> History of Everything - The song is History of Everything and it is performed by The Barenaked Ladies.
- 4> A Grasshopper - Penny has a shift as a bartender at the cheesecake factory and she wants to practice her drink mixing skills on the boys. She makes Raj a grasshopper which leads to his very first conversation with Penny!
- 5> Leonard blew it up - Leonard had an experiment that went wrong and Sheldon put it in the elevator and saved Leonard's life. The experiment blew up the elevator and hasn't worked since. This was in a flashback episode!
- 6> Nebraska - Penny is from a small town outside of Omaha, Nebraska. She often refers to having lived on a farm and explains that she moved to California because she aspires to be an actress.
- 7> Soft Kitty - She sings soft kitty. Soft Kitty was the song Sheldon's mother always sang to him when he was sick and numerous times during the series he asks Penny to sing it.
- 8> A Napkin signed by Leonard Nimoy - After giving her all of the bath sets he purchased (he had the intention of taking all but one back), Sheldon thought Penny's gift to him (the napkin) was so amazing that he gave Penny a hug!
- 9> Rent - Penny replaced one of the cast members in Rent. Leonard and Sheldon made up a lie so that they wouldn't have to go see it because they hated Penny's singing.
- 10> She is a Psychiatrist - Dr. Beverly Hofstadter is a neuroscientist and a psychiatrist. She was meant to be the female equal to Sheldon Cooper.
